Notice Concerning the Change of Priority Rights of Consideration in the Asset Management Company

Kenedix Residential Next Investment Corporation (“the Investment Corporation”) announced today that the Board of Directors of Kenedix Real Estate Fund Management, Inc. (“the Asset Management Company”), the asset management company for the Investment Corporation, has decided to partially change the rules regarding priority rights of consideration in the Asset Management Company today as follows.

The change is intended to apply to Retail REIT Department and Private Fund Department and there is no impact on the management structures of Office REIT Department, Residential REIT Department and Private REIT Department.

The Asset Management Company has been entrusted with the asset management of the Investment Corporation, Kenedix Office Investment Corporation, Kenedix Retail REIT Corporation (“KRR”), Kenedix Private Investment Corporation and real estate funds other than REITs. To coordinate conflicts in acquisition opportunities among the REITs and real estate funds, the Asset Management Company has prescribed the rule on priority rights of consideration of the real estate sale information obtained by the Asset Management Company. As the change to KRR’s Articles of Incorporation to allow KRR to invest in logistics facilities was approved at KRR’s Second General Meeting of Unitholders on June 15, 2018 and logistics facilities are added to KRR’s investment criteria, the order of priority rights of consideration regarding logistics facilities (Note) will be added to the rule on priority rights of consideration as follows.

Note: “Logistics facilities” defined in the priority rights of consideration in the Asset Management Company refer to real estates where the largest amount of floor space of the building(s) composing the real estates is for logistics or industrial facilities (including such facilities as food process centers and food storages) use as categorized under the Building Standards Act, or assets with such underlying real estates.

Priority Rights of Consideration pertaining to logistics facilities

Total floor area per investment property (m <sup>2</sup> )	1st	2nd	3rd
